

w a l c o t t **imaging** senior sessions
18 E. 12th Street Holland, MI 49423

Our senior packages start with a basic bundle that can be added to or subtracted from. We think that the base package will give you a great set of images to commemorate your senior year, but check out the add on's and ways to save to find a package that fits you well.

BASE SENIOR PACKAGE \$500

SESSIONS: 2 hours of photography with up to 3 locations in the Holland area

- ★ Locations may be up to 15 miles away. *Additional travel fees may apply for longer distances.*
- ★ Sessions are booked for weekdays or weeknights unless we happen to have weekend dates available in which case a weekend fee is applied (see below).

DIGITAL RIGHTS: Full resolution color and black & white jpgs from photographers selections. Digital rights are delivered on a jump drive in a custom photo case.

ADD ON'S & UPGRADES

EXTRA TIME (+\$50): Get 30 more minutes added to your session. This means a slower pace and gives you more images in your gallery. Add as much time as you would like!

RETOUCHING (+\$15): All of the images include basic editing. If you would like extra retouching (blemishes, glass glare...etc.) It is \$15/image. Advanced retouching (combining photo's..etc.) available by custom quote.

WEEKEND SESSION UPGRADE (+\$25): Weekends are not always available, but when they are there is a small fee.

TRAVEL FEES (\$30): Areas outside a 15 mile radius from Holland, MI will incur additional travel fees. Our fees are minimal as we enjoy using new locations (for example, Grand Rapids, Grand Haven, South Haven...etc are \$30 extra)! Ask us about the location you have in mind and we'll get you a custom quote.

WAYS TO SAVE

DOWNLOAD YOUR DIGITAL RIGHTS (-\$35): Download your images instead of getting them on a disc or USB and save!

REMOVE BLACK & WHITE'S (-\$30): Remove the black and white images and only receive your images in color.

REMOVE 1/2 HOUR (-\$50): You may remove up to one full hour from the basic package and save on the full package cost.

FAQ'S

How long does it take for my session to be posted?

We will post a preview of your session within 1-2 weeks. Usually they are posted on our Facebook page for easy viewing/sharing, however if you'd rather have a private gallery, just let us know! The rest of your images will be posted within 4 weeks of the session date at which time we will email you.

Where is your studio located?

Our address is 18 E. 12th St. Holland, MI 49423. We're located near Centennial Park in a historic home. If you're trying to get here, it's worth noting that it's a red, brick house between Central and College. 18 W. 12th is just a few houses down, so it can get confusing!

When do I pay for the package?

Payments are due at time of session. Checks can be made out to Walcott Imaging.

What's the best way to get in touch with you?

If you are running late or have last minute complications you can text or call, 616-594-0621. Please contact us through the website or via email (support@walcottimaging.com) with questions. If you would like to have a conversation with us, we can schedule a phone call, chat, or meeting.

How much retouching do you do to the images?

Our processing includes basic color correction and light retouching. When it comes to getting photo's of you or your child looking their best, you are responsible, too! Use an iron unless wrinkles are your thing!

What to wear?

Feel free to bring a few outfits and we can help you select the best options for the session. Traditional photography rules say to wear long sleeves and solid colors so that the emphasis is on the subjects face. Rules are good to know, but don't necessarily need to be followed if you're not looking for traditional portraits. If patterns are your thing, go for it! We suggest being comfortable and staying true to yourself and your style when choosing clothing for your session.

Also, accessories and layers can be a great way to add variety to your shots without having to take time out for a full wardrobe change. Bring hats, scarves, jackets, headbands or sunglasses to have options for the shoot.

Are there any tips for those who wear glasses to avoid glare?

We will do our best to avoid glass glare, but can not be held responsible if it does happen. If you have relatively flat lenses and/or anti-glare coatings you shouldn't have a problem, however if you have curved or larger lenses you may want to get a pair of frames with no lenses for the photos. Tinting glasses can also cause problems. If your glasses tint, we recommend stopping by your optometrist to see if you can get some frames without the tinting glass. Retouching charges will incur if you need us to photoshop your glasses.
